

FIELDS DIRECTOR

The Fields Director is responsible for the upkeep and maintenance of all playing facilities.

The responsibilities of the Fields Director include the following:

- Coordinates all field maintenance and preparation for games and practices and oversees the maintenance and care of all league fields.
- Reports all dangerous and adverse field conditions to the league president so they may issue communication as necessary.
- Reports any field maintenance requests to the league president so the city's maintenance forms may be submitted.
- Holds a field preparation training clinic at the beginning of every season for team field prep volunteers.
- Inventories all field supplies and submits inventory to the Board at the beginning of the season and maintains proper supplies in the facility storage bins for proper field setup.

The Fields Director will report directly to the Vice President of Operations and will oversee the following Board Positions:

- Fields Coordinator
- Equipment Director
