TECHNOLOGY DIRECTOR

The Technology Director is responsible for providing information and completing general maintenance on the League's website and social media sites.

The responsibilities of the Technology Director include the following:

- Manages the league's official website at rcacesoftball.com
- Manages the league's social media pages (Facebook, Instagram, Twitter & YouTube) by sharing league information on the page.
- Ensures information on the league website and social media are up to date.

The Vice President of Public Relations will be the point of contact for the Technology Director.
