

Breanna Castro # 44

Class of 2028

My name is Breanna Castro, and I have been playing softball since the age of six. I began in a recreation league and transitioned to travel ball as my skills developed. Throughout my journey, my focus has been on improving my abilities, strengthening my leadership, and building meaningful connections with my teammates. I have been fortunate to grow up with the support of a wonderful family and inspiring coaches who have served as strong role models. Softball has played a major role in shaping who I am today—it has built my confidence, taught me discipline, and shown me firsthand that hard work pays off. In the past I have been a team captain. In that role I've had the opportunity to lead by example, support my teammates, and foster a strong team culture. Many of my closest friendships have been formed through this sport, and it continues to motivate me both on and off the field. Academics are equally important to me. I strive to challenge myself in the classroom while balancing the responsibilities of being a student-athlete. Looking ahead, I am eager to pursue collegiate-level softball while focusing my studies in the medical field.
