BUILDING MORE THAN ATHLETES: WHAT THE 2026 SCFL SEASON IS ALL ABOUT

At South County Football League, every season is about more than wins and losses—it's about building confident, resilient young athletes and a strong community around them. As we head into the 2026 season, SCFL is doubling down on what matters most: player development, safety, sportsmanship, and creating an environment where every athlete feels supported and challenged to grow.

This year, families can expect continued investment in coaching development, enhanced game-day experiences, and expanded opportunities for both football and cheer participants. From skill-building and teamwork to leadership and accountability, our goal is to ensure that every athlete walks away from this season stronger—on and off the field. We are incredibly excited about the momentum surrounding SCFL and grateful to our families, coaches, volunteers, and sponsors who make it all possible.

What's Next: Registration for football and cheer opens March 1st. We encourage families to register early and be part of what promises to be an amazing SCFL season.

SCFL SPOTLIGHT

SHANNON RODRIGUEZ DIRECTOR: SCFL CHEER

Shannon Rodriguez has been an integral part of the South County Football League family for an incredible 16 years, bringing dedication, heart, and an unwavering commitment to our athletes and families. Over the past six years serving on the SCFL Board, Shannon has played a key role in shaping the league's direction, always advocating for programs that support growth, inclusion, and excellence. Her deep understanding of SCFL — across both football and cheer — makes her uniquely qualified to step into her new role as Director of the SCFL Cheer Program.

Beyond her leadership within the league, Shannon is a devoted mother of three who understands firsthand the impact youth sports can have on young athletes and families. Her passion for SCFL runs deep, fueled by years of hands-on involvement, mentorship, and service. As she takes the reins of the cheer program, Shannon is committed to elevating the experience for every cheerleader — focusing on skill development, confidence, teamwork, and pride in representing SCFL. We are incredibly excited for the energy, vision, and leadership she brings and look forward to seeing the cheer program reach new heights under her guidance in the year ahead.

"I joined the board because I wanted my kids to be proud of me. I want them to say: 'That's my mom- she helped build something that mattered.' What started as wanting something great for my own children turned into wanting something great for all of our kids.

I only have a few years left in the league and I want to leave behind something meaningful- something that helps shape our children into future leaders. It matters to me to know I played a part in that.

Over the last few years, I've really reflected on what I'm leaving behind. Being part of SCFL gives me purpose and joy. Whether it's helping a cheerleader become the best they can be or creating opportunities that enhance a child's ability to grow as a football player, I want my children- and all families that I cross paths with- to remember me as someone who helped make a difference."

-Shannon Rodriguez
